

In our **Learning To Read Center**, we use an individualized activity packed approach to teach students how to read and develop the basic concepts and skills necessary in education.

If you believe our school could be just what your child needs, we welcome you to come and tour our facility.

Are you a Christian parent who is seeking an educational atmosphere in which your child can develop both academic mastery and Christ like character traits?

Give us a call or stop by our school and take a tour of our Learning Center.

EDUCATION
built on a

SOLID
FOUNDATION

The Church Christian Academy (T.C.C.A.)

was established in 2001 with the intent to train young people in both academics and Godly character traits. **T.C.C.A.** utilizes the **Accelerated Christian Education (A.C.E.)** curriculum. The A.C.E. curriculum has been tried and proven to be effective for over 45 years! This program is based on two major tenets: (1) individualized, mastery-based instruction and (2) Biblically-based, character-building principles. We firmly believe that this individualized, biblical, and mastery-based educational program is the absolute best for students.

T.C.C.A. strives for academic excellence. The students will be assisted in their academics by trained staff members. **TCCA** strives to produce young people with an understanding of God's Word and academic ability to become servant-leaders that can, and will, impact their generation for Christ.

Our Learning Center provides a safe, friendly, and secure environment where students are encouraged and motivated to learn and grow both academically and in Godly character traits that are woven throughout their curriculum.

A.C.E.'s curriculum has been tried and proven to be effective for over 45 years! For more information about the curriculum, visit their website at aceministries.com.

Some of the many benefits we offer:

- 1) **Individualized learning** based on academic ability as opposed to chronological age
- 2) **Self-instructional Curriculum**
Students are taught how to learn, not just memorize answers for tests
- 3) **Mastery Based Education**
Structured to build skill on skill; one must learn the concept in order to move on to the next concept.
- 4) **Integration of Biblical Principles**
Scripture memory, Godly Character traits, and wisdom principles
- 5) **Rewards-based disciplinary strategy**
- 6) **Frequent, earned, educational field trips**
- 7) **Yearly Student Convention**
Students aged 13 and up compete against other schools in categories such as academics, art, photography, music, drama, puppets and athletics..
